

Teachers will earn 3,000 euros from now on

The Spanish government has decreed that from the next course, the percentage of funds of the General State Budgets for Education will increase. In this way, teacher's salary will increase to 3,000 net monthly euros. Therefore, teachers will achieve what they have been fighting for so many years and they will be more motivated doing the classes.

**Are you sure that what you have just read is true? Don't you think that it is too much suspicious and too much tempting?*

So, it is essential to learn to be critical with all what we read. This means that we have to distinguish among the true news and the fake news. For this reason, at school it is important to teach children, since they are young, to use correctly ICT and detect valid and not valid information.
